## TyRex Family Annual Holiday Party

Thank you so much to everyone who came out and celebrated with us at our annual holiday party at Dave and Buster's. We're entering our 25th year of business and are so appreciative of each and every member of our business family. The holiday party is a great way for us to bring the whole family together, kick back, relax, and raffle off some prizes to say thanks.

So what did people walk away with? Inflatable hot tubs, chainsaws, drones, and of course, cold-hard cash - just to name a few!

"I told my wife we should bring the bigger car, just in case we won a flatscreen tv," copywriter Henry Shepard said just hours before winning a 55" TV in the raffle event.

We are so excited to enter our 25th year of being a company. The growth we've seen and the impact we've been able to make in our community while providing purposeful employment to so many truly drives us each day. Due to your bright ideas and

hard work, we've been able to be a profitable company and expand further than we could have ever imagined. The power of technology, 3D printing, and reliable business partnerships are what will help us keep moving forward.

We are halfway to our goal of being a 50-year company, and we couldn't do it without each each of you reading. We cannot wait to see all that 2020 - and the next 25 years - will have in store for us together!
