BIG Moves and BIG Changes

SabeRex's Electronics Asset Management Product Group officially began moving into their Austin Delta Drive facility on May 2, 2007. This is two days shy of the one year anniversary of the Delta roof collapse SabeRex experienced on May 4, 2006. It has been a very long year of moving and working on insurance issues. Half of the multi-million dollar insurance claim has been resolved while the remaining half will take several additional months to reconcile.

According to John Bosch, SabeRex Principal, a published report has stated that a mere 25% of all companies who experience disasters of this magnitude never come back to a healthy business state. SabeRex was back in business the Monday after the Thursday storm hit. Additionally, SabeRex remained on a healthy financial path during this time. This indeed says a lot for them as a company and each individual committed to SabeRex's success.

Not only will SabeRex's Electronics Asset Management Product Group be moving, but all of the TyRex companies will soon be occupying new spaces. See the new locations for each company below.

TyRex Group, Ltd., iRex Group, Ltd., and The TyRex Learning Foundation

PRESIDENT'S MESSAGE

Recovering from a disaster, sharing our business success with our employees, our community, and our customers all seem to be the central theme for this issue of the TyRex Technology Family Tribune.

May 4, 2006 was a night of severe storms followed by a year of recovery and hard work. The way the SabeRex TEAM handled the initial disaster - moving 75 semi-truck loads of product in 72 hours, then resuming production in two business days - truly remarkable. Moving back into the Delta facility on May 2, 2007 speaks volumes about the commitment to succeed by SabeRex's employees. Great job SabeRex TEAM!

Celebrating our business existing with our employees is a form of TyRex employee well-being. The pictures of the St. Patrick's Day celebrations and Easter Egg Hunt clearly show the enjoyment of our people sharing common business purposes. It is not the cause of the celebration that is important, but the people who come together to participate in the event that make it so special.

When our employee well-being celebrations include community citizenship activities, such as the Easter baskets for kids, TyRex scores a double. Commitment of business foundation principles. As you can see in the Tribune, the TyRex companies collective commitments to kids of our communities is special and significant. They have our heart.

In closing, it is significant to note that our group of technology companies continues to grow, prosper, and develop new innovative technologies and services. We remain grateful to our customers, vendors, business partners, communities, and especially our employees who participate and share our business successes.

Andrew Cooper

LETTER FROM THE EDITOR

To the TyRex Technology Family:

In order for me to be able to fully represent all of the TyRex Family, please feel free to request my presence at any TyRex function so that I can take pictures and/or write an article about your company's event. To clarify, a request doesn't indicate a guarantee. I will do my best to try to accommodate everyone.

I would like to thank all of the individuals who helped to contribute to this issue of the Tribune. These people are named in no specific order.

THE TYREX TECHNOLOGY FAMILY WELCOMES...

Bill Kimberly - SabeRex Electronics, Project Manager

Wendy Sonnenberg - TyRex, Receptionist and Clerk

Misty Ryan - SabeRex KY, Production Floor Supervisor

Jeff Hampton - SabeRex Technical Services, IT Director

Bill Brainerd - SabeRex TN, Regional Sales Manager

John Chambers - TyRex Services, Regional Sales Manager

ANNOUNCEMENTS

SabeRex recently went through another **ISO Audit**, lead by Bart Lawhon, which occurs every six months. Every three years they must also go through a rigorous recertification process, as was the case in this particular audit. They were pleased to have had zero findings reported in all three of SabeRex's Divisions: PCB, DTR and Electronics. This was outstanding news for SabeRex as it is at the top of their priority list to have a flawless total quality management system. *Congratulations SabeRex!*

We have a **new baby in Nashville!** Abdi Mohamed, an FA technician at SabeRex - Nashville, TN, and wife Lul Shairmarke welcomed baby Ikran into the world on January 26, 2007.

Bentonville welcomes a baby of their own. Roy Halliday and his wife had a son May 2, 2007 at 12:03 a.m. Azariah Liam Halliday weighed six pounds 14 ounces and was 20.5 inches long.

Congratulations go out to both sets of new parents!

A Special Thank You Note...

Dear Judy Rock,

I wanted to take a moment to thank you for all the help you have given me with the TyRex families. I appreciate the fact that you have continued to keep track of processes, alert me to situations that need attention, and assist in making the organization a better place. Your commitment is note worthy.

Sincerely,

Bobby Krejci

SHINING STAR

Justin Hamm

Nominated by:
Paul Johnson and Andrew Cooper

Justin Hamm is a SabeRex employee in Erlanger, KY. He was recently promoted to Production Manager for his exceptional efforts put into the Erlanger operations.

Justin was one of the original SabeRex employees hired to open the Erlanger facility and has also just celebrated his one year anniversary. Justin has played a key roll in the Erlanger facility becoming the successful operation it is today.

Justin, your hard work and dedication are significant. Congratulations on your success.

To see photos of Justin and the Erlanger employees, look for their Easter Festivity photos in the TyRex Culture section of the Tribune.

COMMUNITY CITIZENSHIP

Megladon sponsored the R.O.C.K. Rodeo on March 24, 2007 by donating specially made calendars for the organization to sell. Their generous donation was much appreciated by the Ride On Center for Kids and will surely benefit their cause in the future.

Here is some additional information about R.O.C.K.; excerpts taken from their website.

R.O.C.K., founded in 1998, is a non-profit hippotherapy and therapeutic riding program devoted to the special needs population of Williamson and surrounding counties. R.O.C.K. is dedicated to providing physical, emotional, social, and educational skills, as well as self-esteem, working with local medical, educational, public, and social agencies and professionals.

R.O.C.K. serves students with many different disabilities and learning challenges. These include cerebral palsy, head injury, speech delay, motor planning difficulties, spinal cord injuries, mental retardation, muscular dystrophy, stroke, autism, and attention deficit disorder. R.O.C.K. also serves students who have been offenders of the law, who participate in an awareness program using horses.

If you're interested in volunteering, please call 512-930-ROCK.

If you would like to make a donation, please visit their website at www.rockride.org/donations/

Megladon is also known for their charitable donations to Brentwood Elementary School. The excerpt shown below is taken from the Brentwood Newsletter and commends Megladon on their continued support.

Thanks to Our Supporters...

The Brentwood library would like to acknowledge the many generous donations provided by our wonderful partner Reina Wiatt through her company Megladon. In years past, Ms. Wiatt has worked tirelessly to find and purchase books that we needed to further build our library collection. We are proud to announce that Ms. Wiatt and Megladon have increased their support of our library by adding purchases of a new television and two DVD players for our staff and students to use on campus. Also included in this year's donation is a pledge to renew our subscription to Tumblebooks which provides our students access to a variety of e-books in both English and in Spanish. Through the efforts of Ms. Wiatt and the financial support provided by Megladon our library continues to be able to offer the staff and students of Brentwood the very best!

To read a letter of appreciation sent to Reina Wiatt from Brentwood, please refer to the Feedback Section in the back of the Tribune.

SabeRex-Austin Blood Drive

By: Jenny Buchanan

Raise your hand if you're afraid of needles and hate getting blood drawn... believe me, my hand is raised too. Before coming to work for SabeRex I didn't give donating blood a second thought. A shameful admission I know. During my first experience with the blood drive, I was there in a strictly "Editor of the Tribune" capacity; taking pictures and getting the story. Through not much coercing, I had finally been convinced to give blood. *Sometimes we must put our fears aside to help the greater good.* I realized that the first time I donated and have been donating blood ever since. I want to personally thank Carlos Mojica for doing such a great job on coordinating the blood drive each time. His relentless effort is genuinely inspiring to all of SabeRex - Austin

In doing some additional research for this article on the Blood and Tissue Center of Central Texas website, www.bloodandtissue.org I came across an area of the website for Recipient Stories. This area showcased small stories about several of the people who have benefited from the efforts of the Blood and Tissue Center. In reading these stories it not only made me feel good about what I have done for someone else, but you also must consider the possibility that you helped to save a life, which is a truly remarkable thing. All in a day's work at SabeRex. I strongly encourage anyone who is doubtful of donation to look at their website and if you are in fact eligible to give blood, please take the issue into serious consideration. I like to think I'm a better person for having donated and I know you'll feel the same way.

Thanks to all of the employees who participated and look for future emails from Carlos on when the next blood drive will be.

Left: Tanner McFaddin

FYI-Tanner, no one is that excited about getting blood taken.

Below far left: Eric Estep waiting patiently to donate blood.

Above: "Just don't look at the needle Eric, just don't look at the needle," says Eric Estep.

Above: Brian "Hap Camper" Scandaria

Right: An employee of the blood and tissue center prepping Jeannie Wood for donation.

COMMUNITY CITIZENSHIP CONTINUED

iRex Easter Basket Contest

Every year iRex sponsors an Easter Basket Contest, led by Dottie Heitsche, benefiting the children of SafePlace. This turned out to be a very successful year for iRex. A total of 80 baskets were received from all of the TyRex companies. SafePlace was extremely excited to receive them the morning of Good Friday. They had 55 kids at the shelter, which didn't count the live-in children. They were able to use every one of them. It is the best turnout iRex has ever had, almost tripling the previous year's amount of 33 baskets.

SafePlace is a very special and unique organization. The TyRex Technology Family has worked for quite some time, and in several of the companies, to benefit this cause. In 1974, the Austin Rape Crisis Center (ARCC) was established and shortly after, in 1977, the Center for Battered Women (CBW) opened its doors. In 1998, SafePlace was created through the merger of these two wonderful organizations working to assist women with domestic and sexual violence, giving them a true safe haven so that they may feel protected.

The judges for this years contest were as follows:

Mary Carlson	Beyond Components
Serena Troutman	TTI
Loren McDaniel	Fallbrook Technologies
Cathy Armstrong	Augmentix

TyRex and iRex would like to extend a big thank you to the judges for helping out.

The "Winners for this years contest were:

- 1st Place:** *Nikesha Roberts* (SabeRex DTR) won \$75 for her chopper motorcycle bunnies basket
- 2nd Place:** *Fred Salyers* (iRex Production Manager) won \$65 for his all-sports basket
- 3rd Place:** *Edith Islas* (iRex Mfg. Floor employee) won \$55 for her carrot and bunnies basket
- 4th Place:** *Rose Ludden* (SabeRex-Bentonville Accounting) won \$45 for her Tinkerbell basket
- 5th Place:** *Anna Alborado* (SabeRex PCB) won \$35 for her spring inspired basket and mount
- 6th Place:** *Anita Moody* (SabeRex PCB) won \$25 for her "Snoopy peeking out of a blanket" basket

At SabeRex-Austin Lisa Martin, Corporate Controller, really helped the general effort by sponsoring her own internal contest among the whole accounting group. She employed iRex to pick the best basket out of all the entries submitted. The winner was **Kim Fiser** (SabeRex-Austin Electronics) who won a \$25 gift card to Starbucks.

Pictured left: Dottie congratulating Nikesha on her 1st prize win.

SabeRex-Erlanger Easter Basket Donations

Written by: Rachel Ruf from Onstaff

There was a spirit of giving in Erlanger on Good Friday as management teams for both SabeRex and Onstaff brought in homemade Easter baskets. Everyone commented on how they had come up with the themes and how each had put their own creative touches into them. Several people also brought in their leftover candy, grass, and eggs to make even more baskets. It proved surprisingly difficult to find a children's charity willing to except and distribute the baskets. Luckily, an Onstaff Manager, Rachel Ruf found some very happy recipients from her hometown in southern Kentucky. The baskets were donated to the Women's Association at Sacred Heart Roman Catholic Church in Corbin. The ladies were so appreciative. They delivered the baskets Saturday afternoon to the parents of the needy children, to be given out Sunday morning. Many heartfelt thanks came from the Women's Association and the children's parents to SabeRex and Onstaff for their wonderful generosity.

TYREX CULTURE ST. PATRICK'S DAY

Megladon

SabeRex-Austin, Electronics Division

SabeRex Electronics employees enjoyed cake and ice cream. A sugar rush always makes a work day more enjoyable.

The Star of Texas Fair and Rodeo

In keeping with tradition, SabeRex-Austin Electronics Division sponsored a community citizenship event at The Star of Texas Fair and Rodeo, March 23-24, 2007. The Bullet Proof Blowout Party raises funds for the Star of Texas Fair and Rodeo mission of *Promoting Youth Education - Preserving Western Heritage*. At this event in 2006, they raised over \$80,000 for their cause. SabeRex distributed a large quantity of tickets to business partners, friends, and vendors to show their appreciation. All SabeRex employees that attended the event beamed about the amount of fun that was had. Barbecue, Texas country music, and great people combine together to make a recipe for a good time!

Pictured Right: Sarah Bruskewitz, Daniel and Carolyn Hogberg, Tiahra Laughlin, Jenny Buchanan, Brittni Buxton, and Brian Scandariato

TYREX CULTURE CONTINUED IREX EASTER CELEBRATION

Pictured above: John calling everyone back from the hunt.
Pictured right: Andrew Cooper helping a SabeRex employee count his eggs.

SABEREX-AUSTIN EASTER EGG HUNT & FISH FRY CONT'D

And the Winner is...

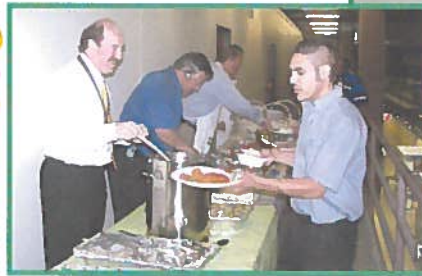

K.C. Bordonaro of the SabeRex Electronics Division was the winner of the annual Easter Egg Hunt. She collected a total of 29 eggs and won \$50 cash.

Pictured left: K.C. making sure she hasn't missed any eggs on the ground.

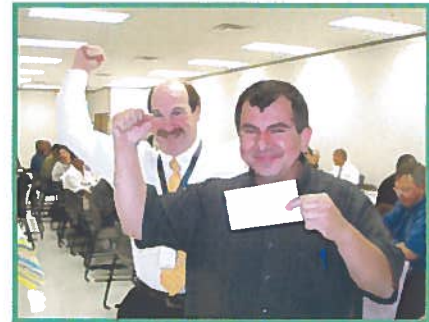

Pictured below: SabeRex employees gathering after the hunt is over, everyone eagerly waiting to eat some fish.

Pictured left and above: SabeRex takes pride in making homemade Easter Baskets for iRex to donate to SafePlace.

Pictured above: Andrew Cooper, Rick Jennings and John Bosch serve lunch to SabeRex employees.

Pictured above: Andrew Cooper congratulates Ramon Fajardo on picking the \$100 egg.

Pictured above: Scott McGregor, Video Production Specialist, getting footage for the famous SabeRex Easter Egg Hunt & Fish Fry Video.

Pictured above: A sight to see to be sure. Extra eggs with possible prizes equals the start of mayhem. As colored eggs soared through the air, SabeRex employees hope to catch a prize.

Pictured above: Dwayne Stephens pausing to pose for the camera.

FEEDBACK

From The Community

Dear Nancy and John,

Thanks again for printing our program for the 2007 McAllum Lacrosse Team. It looks great, as usual, and Brittni and Jenny were so nice. It is a wonderful fundraiser for our team. The season is going great and we should trample the Trojans. Thanks again and see y'all around.

Anne Bowen

Dear Ms. Wiatt,

The staff and students wishes to extend our heartfelt appreciation for your generous donation of the DVD player, extensive collection of library books and a 36" television. These gifts will be well used by the staff and students. These items were much-needed donations and we are very grateful for your assistance. Thank you for partnering with us to enhance the teaching and learning opportunities at Brentwood.

Sincerely,
Katherine Williams-Carter
Brentwood Principal

From Our Customers

To Whom It May Concern:

I just wanted to take a moment to recognize Sonia Roberts for doing an outstanding job! She went well beyond her expected duty in trying to ensure an international shipment went out the door. While the shipment did not go, it was not for lack of trying by Sonia. She stuck with the job and made more than a reasonable attempt in working with the freight company to make the shipment happen. Sonia is always hard working, reliable, and takes pride in doing a good job. We know we can always count on her. I appreciate her efforts on a job well done!

Lora
Ignite Learning

From Our Employees

In an email correspondence dated Monday March 19, 2007, Mark Moore, Account Executive – PCB Division shows his admiration for Scott McGregor, Video Production Specialist for the Marketing Team.

Hi Scott,

The SabeRex videos that you've created have had a real impact this past week in securing business from Hewlett Packard.

At the time, Andrew and I were in the position of attempting to sway HP into bringing a certain job to Austin, from Houston. They were hesitant at first, but while in the midst of teleconferencing Andrew directed them to view the videos on our website. It played a major role in convincing them to bring the business to Austin. In fact, they sent a team Thursday evening which stayed over the weekend. We secured the business win Saturday and received our first PO today.

Thank you for your hard work and professional product.

Mark Moore

We would enjoy hearing from you, our TyRex customers and vendors. Send us an E-mail at jbuchanan@saberex.com
